

THE CODE TO ASTROLOGY

The reason the Bear Clan was picked as the subject to follow through, was because, according to the Clan Laws, all future generations receive their Clan Membership from the woman or the Mother. To change this would be a violation of the Clan Organization which defeats two(2) purposes:

- (1) To keep the Lineage or Lineal Pure.
- (2) To keep the Genetics from producing Mutate spiritual and Intellectual thinkers.

The word MUTATE is an exact term, meaning- A heritable characteristic not inherited from forebears but due to an alteration in a gene or genes in a germ cell. The word comes from the Latin and if one was to express the Latin terms of MUTARE, MUTUS- it would be the direct outcome of not keeping the Clan Law.

" To change the genetics so one would be dumb spiritually and Intellectually."

This includes the science of Astrology because the beginning code of Astrology is, true Clan Membership.

So, what would be everyone's Clan membership at this given time?

I can only relate from American Indian Traditional Teachings which states:" Any two members who marry from the same Clan, their children become EEL CLAN MEMBERS and remain there till it is corrected.

All EEL CLAN members are not permitted into THE HOLY OF HOLIES or where the Ancient Knowledges are which includes what you call Astrology.

However, whoever does not know their true Clan membership is a member of the EEL CLAN and if you are an American Indian descent, you and your children are subject to a genetic event in the near future that no goverment official can deny.

My wife who is of the BEAR CLAN and I am not, but must do everything humanly possible to assure that our children get the best teachings as BEAR CLAN MEMBERS.
