

RELIGIOUS BATTLE CRY mentioned at the beginning of this book, because Antiquist and Anthropologist have collected tribal records and data since the days of Julius Caesar to the present time on traditional tribal teachings on this unaccountable speed.

But it was American Indians having a good breakdown which has not been translated, that gave untranslated a part and ratio that was to have isolated and reversed the TIME DIMENSIONAL CHANGE that caused the aging process for short periods of time by American Indians; A untranslated part and ratio where American Indians of the past were able to synchronize TIME so TIME WALKERS were able to TIME WALK the Planet Earth invisible.

It hard to comprehend, that human vision is almost able to see an object travelling at 91.6666668 feet per second at close hand where 186,000 miles persecond becomes Zero(0). But with even it being Zero, the eye cannot see Heat, Cold, Electricity, Magnetism, sound, and human logics being created, whose speed is less than 172,980 miles per second that has become Zero.

This concept is in the same catagory, of American Indian Legends that state that Animals, Fish, Birds prophesy the changing of the seasons and these seasons come to pass, because they become involved in the future.

This quote to a white civilized individual is a dogmatic phrase. An absolute scientific fact that is not to be questioned by anyone.

Students, members of the Ghetto, Labor's, Blue Collar, Judges, lawyers, Doctors, Bums, News Media, Journalist, and Leaders of Nations are not authorized to question this scientific fact.

Judges could use this fact as a basis for a litagation detrimination.

Yet, students of CALCULUS, ALGEBRA, TRIGONOMETRY, and ELECTRICAL ENGINEERING know by calculating the basic theory of electronics on the subject of light and the TIME-TABLE to the spectrum that visual light represents only .27% of the theory. If the basic to the theory is understood to represent .0909% as unknown and .0001% is excused because of the velocity of the Earth, .639% which cannot be seen so it is not considered light, than the original science and its mathematical equations were transplanted from another source to this present lifestyle in which members to the original science are to be excluded in the present-day society.

Einstein's phrase-"relative to the observer" is a dead-give-away to the source of his theory.
