One example out of thousands is the AINU of Japan against the people who are there now.

FIRST-An American Indian GREAT MIGRATION starts just before what the civilized world calls; The beginning of an ICE AGE.

ICE AGES happen every so many thousands of years and not millions of years like many of you have been led to believe. Scientifically and not disputed, the last two happened within the past 11,000 years.

THE VERO and MELBOURNE MAN, New York Academy of Sciences-1950, they know what Indian tribes are descendants that survived the last two which caused them no concern. These Indian tribes are either descendants of ATLANTIS or MU.

SECOND-The First-born woman of the CLAN has the right to recall all first-born Humans, Animals, and Fish life as a punishment for not believing in the CLAN SYSTEM and the FIRST-BORN concept and this ritual was handed-down from the CREATOR, GREAT SPIRIT.

But, this International "Covert Action" is in direct conflict with United States Court History. UNITED STATES -v- CONSOLIDATED WOUNDED KNEE CASES, 389 F.Supp. 235, Judge Urbum makes mention of "CACUS OMISSUS."

"CACUS OMISSUS" are white CLAN MOTHERS and if they are CLAN MOTHERS they control a CLAN such as the GEMS CLAN, and they must belong to a White tribe that controls the United States. CLAN MOTHERS by traditions must elect a White Chief and these Chiefs are called:"DRAGONS." No one knows how many Myths or Fables or Legends there are on "DRAGONS."

- (1) But these White CLAN MOTHERS have violated CLAN COURTESY by killing and destroying Indian CLAN MOTHERS they have treaties with,
- (2) They have destroyed all birthright records that would show that CLAN each individual in the United States was born into, which has violated the CLAN LAW.
