

THE LAST SONG

Many BEAR CLAN members throughout the world, have suffered prejudice due to the fact, they have been unable to provide a counter-argument to Antiquity and Anthropology Scientist dogmatic conclusion- any reference to or made about BEARS as a rite or ritual, is classified as a Fable or a Myth or a Child Story.

Lets see! We have Yogi Bear, Goldylocks and the Three Bears, the Bernstein Bears, Aesop Fables, Winnie-the-Pooh, The Bear and the Kingbird, Teddy Bear, Beauty and the Beast, Snow White and Red-Rose, just to name a few out of thousands.

The Authority for BEAR CLAN membership and/or BEAR stories to be made into Myths and Fables comes from an International "covert Action" that is practiced by every civilized nation in the world.

"covert" means to hide or conceal or is a secret. What could possibly be a secret that requires a "covert action" to keep concealed?

- (1) Every human being, Man, Woman, or Child; past, present, or Future; born or yet to be born, is born into a tribal Clan with no exceptions.
- (2) There is a Ritual or Rite; or if you prefer to call it a Song and Dance or Whatever!! that must be performed before a Clan leaves on a journey, called THE GREAT MIGRATION. This ritual is to be performed by the First-born leader woman of each CLAN.

It makes no difference if you are BEAR or EAGLE or DEER or TURTLE CLAN, or whatever other CLAN there is.

The civilized christian Bible makes reference to it by calling it:

" THE COVENANT OF DEATH" which is followed by a meal called:

" THE PASSOVER" in which a animal is used.

The BEAR which has thousands of Fables from almost every Ancient as well as modern society, as an animal used in a Pagan Ritual. It is actually
