

WATCH THE LITTLE BIRDIE

There was a great deal of consideration given to the idea, on how to explain the tribal theory on the speed of time.

Anyone that speaks a single-thought concept language, would never be able to understand the theory from a tribal multiple-thought concept language. There would be many missing or non-existence words to properly bridge the working parts to any theory.

I've tried to explain this language and how it works many ways which always seemed to get more complex, due to the fact, the civilized mind, reasoning from ARISTOTLE'S TOPIC of TOPICS, believe their intellectual system is the Ultimate- the Best, this present world has to offer.

As an American Indian, I know one is dealing with closed minds, so one must find a logic system that would or could open these closed minds.

At the beginning in this attempt to give the mathematics to the theory on TIME, presenting all the equations, these had to be dropped when considering the theory to the number of WAVES or STRANDS that make up the total number for the Human Eye for full vision and how it can change according to the different forms of velocity.

This could or would be the Point of no-return because:

- (1) No such science exists in the White civilized world;
- (2) No such science exists for TIME having a separate velocity in the White civilized world,
- (3) No such science exists for LIGHT being the by-product of TIME in the White civilized world.

There is not even a theorem for the OZONE-LAYER above the EARTH, is a BY-PRODUCT of EARTH'S OXYGEN, when all formulas are known.

Civilized scholars would 'NIT-PICK' the number of total strands of TIME, one way or the other equally. This conclusion comes from a conversation with a Scholar-Scientist from the Lab. in Los Alamos, New Mexico.

I had stated that LIGHT had 12 powers on controlling Human behavior according to Traditional Teachings.

He responded by stating that World Scientist had uncovered 18 such powers, yet he could not name the 12 I knew of.

I then told him according to White Legends or Mythology, the Egyptian Scarb had only translated 3 such powers.

Next, I handed him the description of the 12 powers written down in a Archiac language, which he had to admit had never been translated.
