Why a book of Instructions for BEAR CLAN members?

Because there are few places left in North and South America that members can go to receive these Instructions which would include the old sacred BEAR language. The one place that was found, I was not welcome because I was a different type of Indian, which made me a foreigner, so there has to be something wrong in the Instructions because this violated the Law to the Clan.

~~All BEAR CLAN members, no matter what country or race or color you are, or come from- You are family!~~

If you are family, one does not marry one's own family or into it. As members of the same family, we protect one another and watch out for each other.

~~CLAN membership is passed on to the next generation through the Woman only! This law was handed-down through the CREATOR, GREAT SPIRIT.~~

~~Every person born in the world belongs to a CLAN. CLANS make up a tribe. You can't be a tribe if you don't know your CLAN.~~

The first descriptive word for THE BEAR, comes from the European Teutonic languages(isolated), is the German word for the color: BROWN.

~~If ASU(Persian word used in the Bible of ADAM) named by alleged numbers of 100,000 all animals according to the Bible of the christians, then the true names of animals are lost and forgotten with the exception of the words of languages of the Indian of the America's.~~

~~This can be further proved by all the words that created STEMS from the word Bear or Ber in German.~~

All these STEM words tried to prove the correct meaning of this animal but only described the many characters of this animal. Bears can be found

with the exception of the words of language of the Indians of the Americas. This can be further proved by all the words that were created as stems from the Bear or Ber in German. All these STEM words try ed to prove the correct meaning of this animal but only describe the many characteristics of this animal. Bears can be found
