The Indian of the America's paid a high price(100,000,000 lives) so that rituals and sciences to true Astrology would never reach you, which is a subject you treat like going out for a cup of Coffee.

They've had their lands and resources destroyed; the cultures and religion made over; injected with genetics that have no tribal memory; and refrained from practicing this Ancient Science Religion.

But the most important underdoing that took place was to alter world history so far-out that every individual in the world dedicated, sincere, and honest to reaching true scientific Astrology would be unable to preform the first ritual to the subject you call ASTROLOGY.

If you are a true believer in this thing called: Astrology, then you are a TIME CHILD. You must know about the subject of TIME.

To know this, you must first know how to synchronize TIME and if you can do this, then you have located your "center" being.

Only in the culture of the Ancient, is TIME a science unlike the civilized world where TIME is a reference point only.

The following subjects to be presented you may not agree with, but they are presented so that your very fiber, your atoms of existence, will change because you will be living and believing truths and not accepted assumed facts that have no truth.

If the calculations of civilized Astrology are true then you must be true in existence because the science is delicate to how it gives tribal genetic memory to its followers.

If the true meaning to the civilized Bible is translated to mean: THE LIGHT, remember the Ancient's teach that LIGHT is a by-product of TIME

To the Ancient, TIME is the relationship between Human Beings.
