

GALILIO'S STAR MESSENGER.

With one small exception on the writings of Darkness by CHARDON and it is believed 25,000 copies were issued when the POPE requested an audience with CHARDON after which this book disappeared off the face of the Earth. I was privileged to see and read this book only once without a second time in a private Library. The contents of this book would have forced Historians to reveal the 25 periods of darkness that happened, done by tribal rituals. So this reference I find, cannot be used *either*

S The subject that will be brought up is known by everyone present, however what it represents is not known, even if some are able to claim, they know everything there is to know on it.

I've waited over 40 years to present this American Indian Universal GIFT because the last time it ^{was} presented, I was a small boy on my Indian reservation.

Research and visiting hundreds of Indian reservations in Canada, United States, and Mexico concluded that it has disappeared as an Ancient Ritual and in these 40 years it has become an unknown object which is needed in the rituals *To* of the Great Indian Migration.

Just as the Buffalo which is an animal created by American Indian genelogist that is a hybride that recreates itself, and there was at one time three such herds with the smallest being 30 by 40 miles in size that were destroyed at a cost in that time in history, that ENGLAND, FRANCE, GERMANY, RUSSIA, SPAIN, ALL OF EUROPE, and THE UNITED STATES could not afford the 2 dollars per hide because of the vast quantities killed.

For this reason, THE MONROE DOCTRINE was passed ^{by} a Congressional Act to wiped out the Special Interest Group that put up these monies.

Buffalo Meat when cured by tribal ritual and combined ^{with} another food is used in what you would call: THE HOLY OF HOLY RITUALS.

with one Small exception on the of Darkness by CHARBON and it is believed 25,000 copies were issued when the POPE requested an audience with CHARBON after which this book disappeared off the face of the Earth.
