could deal with, so these nations passed International Laws so no Race nation would re-convert back to Tribal.

This began on February 18, 6207(Julian) or 9583(Tribal) because the Gregorian Calendar had not been invented yet, but modern Historians can tell you this was in the year 1493A.D.(The year of our Lord); THE TE DUEM was filed with the International Court in Hague.

This gave the Jurisprudence to- SECUNDUM LUNE DETERMINABENTUR, Bacon VI, 88; with Court History of AERIRA -v- AEREA; AEISAMENTUM -v-AISIAMENTUM and AELICUS -v- CAELICUS.

These laws are better known for their actions, where history records this period as THE INQUISITION.

This is the protection written by laws where a race member or a Child of LIGHT cannot be re-converted back to his or her tribe.

However, Tribal Prophecys tell of an amount of race members who will re-convert back to their tribe. No Biblical Historian or Scholar of all the 5,600 religion will argue or debate the amount which is between 100,000 to 144,000 individuals.

If we take the world population on the Earth today, which would be between .000017 to .000024% of the census would be re-converted.

Break the world into four quarters, and the people of Saugus, Massachusetts or Seal Beach, California would be the total taken from this part of the world.

So American Indian prophecys state only a handfull would be saved and I see this handfull as a tiny small hand about the size of a Mouse.

This does not take in tribal members which is a different amount in tribal prophesys.
