

GREGORIUS ABU'L-FARAGIUS, SUPPLEMENTUM HISTORIAE DYNASTIARUM.

What DYNASTY? Whose DYNASTY?

What line of family descent came into power after purchasing lands from CALIF ABALLAH es-ZAGHAL in 1491A.D.?

Who ever it is, it was never a family of Royal Bloodlines but a family with purchasing power, which still makes the only Royalty left in the world today, is the Indian of the America's making those the claim Royalty in the rest of the world, are ROYALTY OF ABTHANUS, or a title supposed or assumed based on a FALSE ETYM.

This fact alone establishes just who is who!

The DYNASTY OF ABTHANUS or GREGORIUS ABU'L-FARAGIUS, SUPPLEMENTUM HISTORIAE DYNASTIARUM, knows beyond any question of doubt, who are GOD'S CHOSEN! There is no question or doubt.

While the rest of the world are now Surplanters, the Indian of the America's is to lead those into the next new world.
