

The civilized christian Bible New Testament alone has isolated 32,000 acts that must be done that causes a phenomenon or an act that cannot be explained under any civilized sciences that would not insult everyone. These believers start with the first basic five and end up with only one out of the five, as that act that makes them spiritual, who then start large Religious Foundations with millions as followers. These leaders end up as has-beens or spiritually dead.

The statistics that make them spiritual is .001% out of every 100,000 people healed after being prayed for. One must give the Prophet of Gloom some credit spiritually, because this is not a good statistic. If you gave such a statistic to the medical profession, they'd laugh you out the door. Somehow one gets the feeling, this Prophet of Gloom has visited either an Indian Sweat Lodge, Kiva, or Long House who have about a .75% success rate from those that come seeking this phenomenon. But than Indian tribes have had prayer lines for the Ill-30,000 years before there was a christian belief as it is known today. It is part of being Indian or the lifestyle, and those that do come, expect the phenomenon to happen as part of everyday living. You say: "Indians are sick today!" True! But how many religious places are there on Indian reservations? What places you do find have given up the Old way for new christian witchcraft rituals found in the Book: EYE OF ISIS.

The Prophet of Gloom, having little success with spiritual gifts and how they are to be used, decides to take the easy way out and become a Prophet of Gloom or just a plain Prophet. Little does he know that being a Prophet is not that easy and only comes successfully after one has had good statistics with all spiritual gifts. However, it is a turning point in this individual's life to see if what has been taught is true and correct and there must be a sign that there is a true and correct God.
