

body. If we can apply a RULE-OF-THUMBS to how long A.I.D.S. will be with us, a previous concept which fit the conclusions of POPULATION ZERO, the United States has totally wiped out peoples for a ten year period in which the Old will be to Old to Rule and the young will be to young to rule.

When young children kept disappearing and it reached .0955% of the population of the United States, it started to end.

A.I.D.S. will have to reach a total of .0955% of the population as deleted before the Antidote will be given to the public.

So Nuclear Holocaust could be become an obsolete method of war.

Just where do I get my crazy ideas? From the Dakota Winter Counts because my Ancestors recorded this in the year 1877 (Gregorian). Antiquist and Anthropologist have been trying to buy up these winter counts but as a small boy I saw three.

But every point in future events carries sadness which is part of civilized history.

The Creator's (scientist) of a certain ethnic group who invented A.I.D.S. will be found and be hunted down, This group thinks they will be successful because of a prior event in history where they enjoyed this success.

So Nuclear Holocaust could be become-an obsolete method of"
