

can be isolated, differ from what the original group stands for.

Every Indian reservation not only in the United States, but in North and South America countries combined has one. Every organization that has met the Indian, was first greeted by them. It is called: THE OLD GUARD!"

The joke and funny part of everything in which/^{someone} has been thinking they got away with some culture from the Indian, acting as Anthropologist and Antiquist, that really made the Indian look sick; these Scientist of the subjects of Anthropology and Antiquity received their information second-hand and altered by this group within the OLD GUARD, with the original Information going to the CIBOLA GROUP.

The battle cry of this Cibola Group is: TO FIND THE SEVEN GOLDEN CITIES.

These legendary cities were to be made of solid Gold, and there are white's who claim to have seen them. The sources of where they were seen accounts for such major U.S. cities to be created to block any investagatic into their whereabouts.

For such tales told by white people on their existence moved this group to create such cities has San Fransico, California; Los Angeles, Calif.; Phoenix and Tuson Arizona; Santa Fe and Las Vegas New Mexico; just to name afew. One of the strangest created cities, needed 2 Congressional Acts. 1875 and 1890.

But the legal/^{trail}to these cities had its beginning prior to the 1794 Treaty between George Washington and the Six Nations. It was not till 1981 did the facts surrounding these cities come to light.

First, George Washington created Indian tribes that are known today as the Six Nations. After their creation, Washington signed a treaty with them. To cover a legal trail, he also created the Seven Nations in Canada and signed a Treaty with them. He was now in control of territory in case one of these legendary cities was on the Canadian Side.
