Many will view what has been presented so far, as Garbage! The RED NECK will shout that his Red, White, and Blue is being attacked! His Mother's Bloomers made out of Flour Sacks, is being uncovered!

What this RED NECK has forgotten in history, that his Mother's Ancestors had to take them off anyways so that Royalty could climb on in the GAZEBO, to pass a boring afternoon. She then went back to her husband.

You maybe thinking like Judge Urbom, "How much do we have to suffer for the Past?"

As stated earlier, this Dumb Indian has worked at almost every known business profession the civilized world had to offer and a master of most; believe your mother or wife or sweetheart or daughter or mistress is still taking them off to get a favor or a climb in the professional or entertainment fields and then returning back to you.

Still others will review what has been presented and state, there are too many subjects presented to fast and not enough has been presented on each subject!

What has been presented so far, is only a reality. Not facts which many are based on untruths and believed.

It is a child's reality. Something that an Ancient child must know and understand before the 5th. Birthday.

The following will be what you have to unlearn yourself and your young ones. The responsibility is yours and no one else's.

A child's reality is ego-center and egocentric. The now of life. Everything it learns from this point on adds to the egocentric of one's personal life. If one is to be in harmony with nature and the Universe one has to be in complete control of seasons and spiritual times.
