

Now for every Antiquity Scientist, Anthropologist that has every written about the remarkable culture of the Indian and these equations, never has translated the expression that tells who this knowledge is for.

It was not to be used by the tribe that was keeping it alive because it was not needed.

Remember! TIME and FUTURE expressions cannot be separated.

Back to page\_\_\_\_\_, the Indian had undercovered that TIME and LIGHT underwent a change by a mathematical dimension which did not change because of the Orbit of VENUS. The Planet VENUS had established a PERIMETER around the SUN and this perimeter retained the dimensional change for all the Planets in the solar system.

What Förstemann translated from the DRESDEN CODEX and Seler from the BORGIA CODEX and it is alleged to be a mystery, anyone attending an Indian Pow-Wow Song and Dance has seen it worn as a cultural Badge which identifies a people that made the discovery of the dimensional change of TIME by the Planet VENUS. It could be called: THE STAR OF VENUS.

about the remarkable culture of the Indian and these equations, never has translated the expression that tells who this knowledge is for.

It was not to be used by the tribe that was keeping it alive because it was not needed.

Remember! TIME and FUTURE expressions cannot be separated.

Back to page , the Indian had uncovered that TIM and LIGHT underwent a change by a mathematical dimension which did not change because of the Orbit of VENUS. The Planet VENUS had established a PERIWITER around the SUN and this perimeter retained the dimensional change for all the Planets in the solar system.

What Förstemann translated from the DRESDEN CODEX and Seler from the BORGIÀ CODEX and it is alleged to be a mystery, anyone attending an Indian Pow-Wow Song and Dance has seen it worn as a cultural Badge which identifies a people that made the discovery of the dimensional change of TIME by the Planet VENUS. It could be called: THE STAR OF VENUS.
