

But there is still another Cultural Badge worn by the Indians of the America's which gives the exact formula or equation to this recorded dimensional change of TIME because of VENUS

The colors used is an example, but the Ancient Indian was concerned with Multiple and Divisor Primaries to some of the colors found in LIGHT.

The civilized call this: THE ZUNI SUN GOD. But it is still the STAR OF VENUS, only more accurate.

This traditional Badge was surrounded by marks that identified the 28 sciences that discovered the Equation.

The civilized scientific community dealt with VENUS through the United States Aerospace Industry and an incident forced the Aerospace Industry to re evaluate its sciences to compensate for this incident.

The second Explorer Probe sent to VENUS met the same calculations that the first one did showing that the sciences of the Aerospace Industry cannot deal with the Planet VENUS and their sciences had no provisions in calculations for TIME Dimensional changes.

But there is still another' Cultural Badge worn by the Indians of'

the Amel'ice's which gives the exact formula or equation to this recorded dimensional change of because of VENUS
