

or Winter Tables or Times of the Beast or Sataan's Tables--whatever you want to call them that the Earth and Venus synchronize.

For example, VENUS has 225 days to make it around the Sun.

$$225 \text{ times } 6 = 1350 \text{ days times } 1.6^\circ \text{ per day} = 2160$$

Every 9.75 exact Earth years, the Earth synchronizes with Venus at a 270°, then 180°, then 90°, and then 0°.

Now! Why would the Aztecs and other Indians leave their belongings and start all over again?

It is an act of spiritual faith to the CREATOR, GREAT SPIRIT that without tribal Genetic recall, they will drop everything and go on a journey. It is still practiced on Indian reservations today. Indians and their families having the best of jobs, will drop everything and go on a small journey. It is practicing tribal genetic commands.

There is a good reason for this practice.

Some Indians have fulfilled the spiritual requirements to be a TIME WALKER. In a 39 year cycle, some can do it several times a year. But you must pay spiritual dues to do it.

Now! In a Great Migration which can be classified as the beginning of an Ice Age, whole tribes or nations or families who will have maybe two or three or even four who have fulfilled the requirements to TIME WALK, in this journey the whole group will TIME WALK even though they will not understand it. They will walk several hundred miles in 7 minutes and 57 seconds. They have been taught since early childhood in a culture where TIME is a science, that it deals with the relationship of VENUS and EARTH and the Dimensional Time change or what you could reference THE SPEED OF LIGHT.

But this TIME WALK is only a small part of the complete journey. The rest of it is unbelievable.

The ending of this book is the consolidating of legends of over 100 Indian tribes, Ancients of Newfoundland, Labrador, Iceland, Greenland, and Mexico.
