

This Medicine person still has descendants today.

Just why is so much credit given to Ancients and their synchronized time? Because these Indian Empires controlled the whole world without Armies, Wars, Mental Control, or Police Actions. The Intellectual Concept of Freedom and Slavery was unheard of, and still cannot be found in their languages today. Freedom cannot exist unless there is Slavery. However, this Ancient Life-style is classified as Barbaric, while Armies, Wars, Mental Control, and Police Actions are classified as Civilized.

The civilized home must have a key to lock the doors to keep the criminals out. This civilized life-style must produce criminals otherwise there would be no need for Armies, Wars, Mental Control, and Police Actions. NEXT! The Indian under synchronized time must look to the CREATOR, GREAT SPIRIT for any needs or changes in their life instead of a classified act recognized as civilized but still bordering a criminal act for these needs.

When the old Ancient Indian states the world will end in a Nuclear Holocaust just as it did three times before as he heard it in legends, it is a fact. Because the civilized world cannot permit peace and if it did it would return to being Indian or Ancient and that is a fact.

Everyone has heard it and some have experienced it dealing with Indian "INDIAN TIME." Indians who do things at a given time that the societies around demand it be done at another time. Indians doing their thing and in their time that conflicts with the white mans time table must be Indians doing things at appointed times or synchronized times of the CREATOR, GREAT SPIRIT. So, it is in their genetics or makeup.

To me! All people in the world are descendants of the Ancients, exclude no race or color. Just the Ancient research of Julius Caesar proves this out. All that is needed is to present something that awaken those Genetics.

I cannot say I have the knowledge to reawaken hidden Genetic knowledge when the idea that the knowledge of the true Clan that everyone belongs to is at a very primitive level.
