

S O M E B E G I N N I N G

To explain our Ancient culture and understand how tribal equations work, please understand what you will see and be shown does not fit the sciences of the White Civilized world.

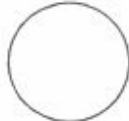

IN THE BEGINNING, it had no beginning, and AT THE VERY END, it will have no ending.

Our Ancestors explained it even more complex.

SHE'JO. Beyond comprehension of anything GOOD or BAD. "FROM" below forever (In Indian-Migration), "FROM" upward forever (In Indian Migration)
 (forever and eternity are substitute words the American Indian)
 (describes in MIGRATION which mean-the ending that had no ending and the beginning that had no ending or beginning.)
 Phrasing it in Ancient Scientific terms, it is Upward and Downward forever in which one cannot stand the comprehension in measurement and calculation.

To simplify this would become more complex.

The White civilized intellectual system and concepts draws and then comprehension this as a circle.  No mistake! not comprehend.

The Ancient intellectual systems and concepts draws and then comprehends the following as a circle. |

The scientific explanation is even more precise. A straight line which is a limit of the set of lines tangent to a curve as the point of tangency approaches infinity.

The Ancient mind does not look at only one side of a circle, but the front and both sides at the same time.

The civilized White mind would have to look at: UPWARD and DOWNWARD FOREVER, as follows to understand it.

But this would change the meaning! Isn't that the way it is?

To explain our Ancient culture and understand how tribal equations work, please understand what you will see and be shown does not fit the sciences of the White Civilized world.

IN THE BEGINNING, it had no beginning, and AT THE VERY END, it will have no ending.

Our' Aucas*-,or's explained it even more complex.

Migration)

(forever and eternity are substitute words the American Indian)_ (describes in MIGRATION which mean-the ending that had no l (ending and the beginning that had no ending or beginning. ')

Phrasing it in Ancient Scientific terms, it is Upward and Downward forever in which one cannot stand the comprehension in measurement and calculation.

To simplify this would become more complex.

The White civilized intellectual system and concepts draws and then comprehension _this as a circle. / No mistake! not comprehend

The Ancient intellectual systems and concepts draws and then comprehend@

the following as a circle. | The scientific explanation is even more

precise. A straight line which is a limit - of the set of lines tangent to a curve as the point of tangency approaches infinity.

The Ancient mind does not look at only one _side of a circle, but the front and both sides at the same time. _

The civilized White mind would have to _look at: UPWARD and DOWNWARD

FOREVER, as -follows to understand it'. (i) But this would change the

meaning! Isn't that the way

it is?
