To have any kind of understanding to the TABLES of the DAKOTA WINTER COUNT, you must try to understand the Indian's thinking to his Physic laws.

If a person can understand that ICE turns to WATER and then STEAM because of circumstances and it is a common acceptance of fact; a fact among Ancient American Indians that TIME changes to LIGHT and then to DARKNESS which is a common acceptance of fact, then the DAKOTA WINTER COUNT becomes a Calendar of references too when TIME and LIGHT separate.

Even though you do not understand and accept this Ancient American Indian Physic Law, does not remove it from a scientific fact. Just that the references that make up this physic fact are not available to you and such references in itself could create a new physic science to the civilized lifestyle.

Every civilized christian religion and occult scientist since the beginning of civilized history has been trying to find the references and formula to the ritual of Ancient TIME WALKERS, where one travels by a human body to all parts of the world in the twinkling of an eye. The reason this research is approched from a religious concept by these scientist, believe the Ancient American Indian never had a written language or sciences in their lifestyle, so the Ancient's art of TIME WALKING had to have been done by some type of spiritual Hocus-Pocus Ritual.

^{THE A.B.C.'S}
 This ~~small~~ book, is to present the fact that even, though TIME WALKING is closely related to an absolute faith in a Supreme Being, the beginning teachings began as pure scientific formulas. The ritual to TIME WALKING will never be done without the knowledge to these sciences and to believe in a Supreme Being or God or Allah or Buda or whatever, is pure scientific fact and not some- Hocus-Pocus idea.
