

Is there any more remarks that will question what I know?"

Buddy: "Wynona! you answer that!"

Wynona: "I have been put down!"

Time Walker: "You put yourself down because you have under estimated what the world has access to. More important it is related to the subject that you have very little respect for that brought us together."

Clair: "Whatever brought us together, was people who held us as hostages, sent us out to find out what you know, and you say it is a subject we have little respect for.all we have discussed is some Antiquity writings and our old family libraries, which are directly related to why we were brought together. All the ingredients needed for a mystery that we have to solve to stay alive."

Time Walker: "I'll add the following to the subject, so that we can further examine why you will shy clear of a science needed to win."

Buddy: "Go ahead, were ready."

Time Walker: "Now! here! is because of a request to the CREATOR, GREAT SPIRIT through what you know as Satan's table, Times of the Beast, or Winter tables. They also created the circles that were on walls of a building you say^{is} in a underground city."

Buddy: "Your going to have to excuse me, I got a bottle in the car and I need a drink."

Pam: "Time Walker, please excuse us. You have shattered our fragile existence that can only be recreated by a subject we have little respect for. Religion!"

Time Walker: "Discuss this among yourselves!.. Religion is not a Hocus-Pocus ritual, but ← precise mathematical equations, the rules which were laid down by the CREATOR, GREAT SPIRIT. It is our

there any more remarks that will question what I know?"

Buddy: "W3rmona! you answer' thatif"

Wgrnollaz "I have been put downi"

Time Walker: "You put down because you have u_nde1~ estinated what the world has access to. More important it is related to the subject that you have very little respect for that brougilt me together."

Clair: "tflflaizever brought us togethel", was people who held us as hostages, sent us out to find out what you know, and you say it is a subject we have little respect for. . . .all we have discussed is Some Antiquity writings and our old family libraries, which are directly related to why we were -brought together'. All the "mystery that we have to solve to stay alive."

Time "ifll add the following; to the subject, so that we can .further examine why you of a science needed to win."

Buddy: "Go ahead, were r'ead3r.,"

Time inialkerz "Wow here is because of a re uest to the
