

A E R I A N U S. This medieval Latin word, tells one, it was incorporated into the KING JAMES BIBLE done by the BEDE(Bede)SCHOLARS of England.

Follower of the Heretic AERIUS, descendant of HAGAER(Gen.21:9; Ps.82:7)  
White Tribal Members were descendants of HAGGAR; According to Accords from The CRUSADES, White Race Royalty were descendants of the tribe of ISREALITIES.  
These White Tribal Members(ANTHROPOMORPHUS) believed in attributing a human form to GOD(Christ?)  
They were ACEPHALUS or headless without a Feudal Lord.  
having One Leader who had to know all spiritual laws.

The prosecuting Attorneys for The INQUISITION TRIALS had to give some type-explanation for the advanced knowledge these tribal people had for the charge of AERIMANTIAOR, Divination by Air-Aeromancy.

The exclamation opens up a BIG jar of worms. It fills in some of the Unknowns on THE VERO and MELBOURNE MAN of today.

They were accused of acquiring this knowledge from documentation of ALTANUS(Alantis) who were people believed in Flying High AETHER in the Fiery regions above the Air, from the country that had a Flag of the TWO-HEADED SNAKE OR SERPENT(AUPHISARRA).

Their descriptions on how these Aircraft worked was remarkable. To begin, they called them ALCION or Iron Birds. AEREUS- They were made of Bronze or Brass but they were a Brass Vessel(AERIUS)rising into the Air with wild fire shooting out the back. (ALARA) and they had furnished wings. Inside the ship telling how it functioned, they described what they understood- ACTUARIUS- sort of ship's Instruments.  
ACUS- magnetic needle, stylus, obelisk (to tip with steel) ACERARE C O M P A S S  
ADAMAS- Lodestone combined with Magnatic Iron Oxide and Diamonds, AERIFILUM- brass wiring.

Prosecution was asking punishment under DEUTERONOMY 17:9

This was the issues and charges of the INQUISITIONS COURTS. Using IRON BIRDS that frightened the Soliders off the Battlefield.
