

Along with the SERPENT'S CYCLE, it also has a HEART. This is the Indian Prayer Wheel, Aztec Stone, Traveling Stones, Others, and the Indian Medicine Wheel.

THE SERPENT HAS A COIL, which controls the destination of an event through prophecy.

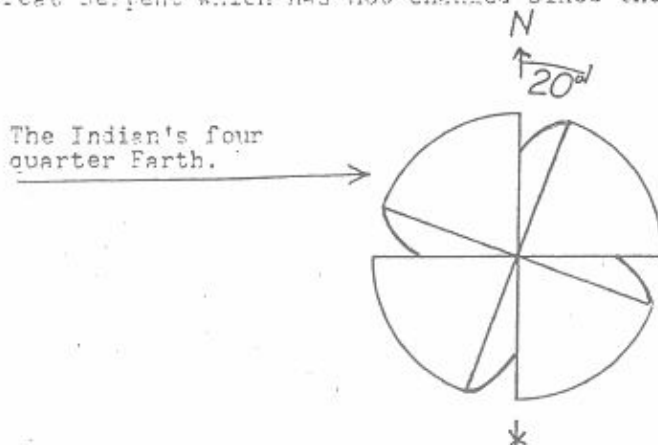

THE SERPENT HAS AN EYE which synchronizes motion time of the Earth, in relationship to the Sun and Universe.

But this SERPENT IS BOUND BY RULES. Human rules that calculate the rules. The First, which is the sum of created elements that include the Unknowns of the past and present. The Second is the comparison to those knowns, past and present, and the Third is to balance all knowns with an adjustment factor from 1 to 3000 Ancient Years.

THE SERPENT IS BOUND BY RITUALS. Human Rituals of prophecy.

THE SERPENT HAS A DESTINY. Like the Indian, it has remained unchanged since the beginning of time. It will guide the faithful through the Great Migration as a Compass and Time Clock only through tribal and clan equations.

Remember! the civilized Bible gives a time slot of over 3 years in which the CREATOR, GREAT SPIRIT will not hear the voices of the Faithful and elite in their cry for help and mercy. The CREATOR, GREAT SPIRIT stated that he would always be with you, and in this time, it would have to be through the Great Serpent which has not changed since the beginning of time.
