was the outcome of a tribal ritual done by George Washington, taught to him by RED JACKET of the Seneca People, this perpetual prayer did have its power working. (The People's Almanac#3 by Morrow, p.46; Gregorius Abu'l-Faragius, Supplementum Historiae Dynastiarum. p.94"comparing to Hohenrauch")

Under a tribal system of time calculating, the perpetual prayer could have started on August 8, 1492 at 6:25am. This time shown would be the calendar of one set of ELITE membership and 14 days later having the same date, another group of ELITE memberships.

For the common everyday people of the world, it would be June 12, 1491. in which there is no historical data because it was all destroyed by the Inquisition, which also has a second set of common people who would have this date on their calendar 14 days later.

To find this difference in calendar times, all one has to do, is read LETTERS OF THE PRESIDENT, 1779..

In my many travels, I've been privileged and honored to meet another Metaphysical Occult group, with membership world-wide who meet socially, permitted an outsider to attend, in which this prayer was discovered to be used by a non-ELITE membership. These Cult members used this prayer in hopes of receiving this powerful ancient spiritual knowledge from this lost past Empire.

This prayer is known world-wide as- THE PRAYER OF ATLANTIS, which has only one main function. To assure that the tribal TIME WALKER SOCIETY does not reawaken by the descendants of MU and ATLANTIS.
