

Hell! COLUMBUS killed, and this is documented, 10 million Indians in less than 10 years. He had the exclusive business of Fresh-meat supplies for Ships crossing the Atlantic Seas. He was so good in this business that nobody can find an Indian or Indian descent in the CARIBBEAN today.

Let us find out what has been omitted from the New Christian Bible that was used by people that had the old translation and just how it dealt with history.

Let's begin with JULIUS CAESAR. According to Dynasty Records - PLUTARCH, in JUL.CAES. cap 87; DIO CASS, xlv.; VIRG.GEORGE. i.,406 - Caesar was killed or murdered or died 45 B.C. Don't hold me to the year because the Gregorian years did not start til October 1582 A.D. and October was the eighth month, so it was in August according to the Gregorian. But the JULIAN did not have the months of July and August. Also when scholars went back and changed the years to Gregorian years, from 1582 A.D. to 45 B.C. = 1629 years (0 B.C. to 0 A.D.) there was 407 Leap year days, which would give us another year, so it would be safe to say CAESAR'S death was in the year 44 B.C.

Along with CAESAR'S historical identity, the name of CLEOPATRIA is synonymous. She is known as QUEEN CLEOPATRIA. There is one legal fact that is omitted in history that brought these two together.

To begin, JULIUS CAESAR was not Italian but Greek as all Roman Leaders were. RHOMAIKOS is their proper ethnic identity who were Greek Royalty that escaped their own country, while the common people were taking over their nation.

QUEEN CLEOPATRIA was not a Queen but a HEAD-Clan Mother for the White Kleopatria- Tribes who recognized the Romans as GREEK (for this reason all that is written about the Alleged - Queen Cleopatria is from Greek records).

So here is the Situation!

The Roman's who had hidden their identity from the Italians and had passed as Italians, was discovered by a tribal woman as to their true identity, and that was RHOMAIKOS or Greek Royalty. She wasted no time in telling the Roman Senate about a Treaty the RHOMAIKOS had signed with the White Kleopatria tribes 1,000 years earlier, wanted the stipulations of the Treaty to be met.

It could be from this time in History, she acquired the title of Queen because the Roman Empire gave her authority to share the Throne with her twin-brother in Egypt. Of course they had to change her name. KLEOPATRIA was originally identified by the Greek as people who steal. So the K was changed to C. KAPPA became CHI. From this we have the beginning of the Religious Cross where one could kill or murder under the Authority of SECUNDUM LUNE DETERMINABANTUR, to anyone that was tribal. American Indian Treaties wiped out this authority and all that is left is CORPUS JURIS SECUNDUM.
