

FORGET WHAT HISTORY HAS SAID, WAS THE INQUISITION! The Jurisprudence of any type of INQUISITION was HERESY which caused an event world-wide that produced a lifestyle that identified a culture when another lifestyle or Culture came into power that was different. Members of the old culture became HERETICS.

HERETICS or HERESY had nothing to do with Religion. It deals primarily with a particular philosophical system which has been isolated as a Sect.

EXAMPLE: The CURRENT White Man system is openly called: THE VICTORIAN MORALITY CODE created from ARISTOTLE'S - TOPIC OF TOPICS Intellectual thinking and this same thought system was used in the re-translation of the Christian Bible.

Should another Culture replace the one in the United States, the old members become HERETICS, as what happened in Europe. One White group sold their land Titles to another White group. They were both Ethnically the same, except one believed in the tribal system while the other believed in the race system. How INQUISITION came into the nations business was one group who was the same Ethnic background as the other, accused the other of violating one category of 11, in International Law. In the case of Europeans, it was in the category of War Making and procedures.

So we have European HERETICS criminally being charged with the offense of HISDE. Because of the category of the offense, a guilty verdict would have been DEATH. Now, the HAGUE ACCORD did not legally become law til 1888, so the Death Sentence we now know was HANGING, BEHEADING, SCALPING, BURNING AT THE STAKE, and DISMEMBERING OF ARMS AND LEGS for the men. For the women the slaughter of their children and themselves, their skulls sold as Drinking cups and their private parts as fish bait, except the Young girls who were placed in concubere for the GAZEBOS of the privileged until pregnancy and were put to death.

Before we get into what the charge of HISDE was legally, the INQUISITION COURTS will never be able to be accused of being unfair or unjust because to study the words of AEGUPTIACUS and AEQUAEVUS and the three major court cases in the jurisdiction, European HERETICS were being accused by fellow tribesmen. Unlike American Indians where 75% fall into the category of a sell-out, there is only one (1) class, while European tribes had three (3) classes of sell-outs. It is my belief, the sell-out European was the one that was sent here as members of a Penal Colony to escape the death penalty.
