

But just how does one Dumb Destitute Sioux Boy from the Plains of South Dakota conclude on what has been written so far, because it is obvious, he is not a polished Author.

I guess it would only be fitting to ~~close~~, to show that it is still known, the beginning part of the first Tribal Denominator.

It starts with a question which is no different then the question asked <sup>of</sup> a small Indian child who sits before boring, slow, wise teachers.

FROM WHERE OR WHEN, DID LIFE BEGIN?

Remember it is this question that begins the knowledge that classified this small child as a S E R P E N T !

In civilized councils for centuries, the battle-cry was:

S E R P E R E ! ! S E R P E R T I N A ! ! S I L E X ! !  
S I L I C I S ! ! S U B T I L I S ! !

Believe me! This is not the Dumb Indians your Movie Producers making millions upon millions of dollars, presenting Indians as Savages permanently in your minds.

This is the battle-cry of the Pope describing a force that could destroy the holdings of civilized nations all over the world.

Just what is this description of these Fierce Warriors that didn't believe in STANDING ARMYS, IMPLEMENTS OF WAR, NO MIND CONTROL? .

"WATCH OUT! THEY ARE CUNNING, SUBTLE.(artificium el)THEY ARE CRAFTSMEN! SKILL IN INVENTIONS AND DESIGNERS OF UNKNOWN OBJECTS THAT MAKE THEM ELUSIVE. CRAFTY.(dexteritas)THEY ARE MANUAL AND MENTALLY QUICK WITH THESE OBJECTS THAT APPEAR TO BE UNKNOWN METAL ALLOYS THAT GIVE OFF INCENDIARY AND PHOTOGRAPHIC FLASHS. THEY LIVE IN HOUSES THAT ARE MADE OF A NONMETALLIC ANALOGOUS ELEMENT TO CARBON AND DIAMONDS. THEY PRESENT THEMSELVES AS SHY AND ARE VERY APPEALING BECAUSE OF THEIR PRETTINESS, CHARM, AND SLIMNESS."

The most feared object these Indians had was a GAU. It was used so common, that whole Indian tribes had to be destroyed off the face of the Earth such as the Indians of the Caribbean. The word for GAU was changed to mean GHOST.
