(1)DAY	GREGORIUS ABUL-FARAGIUS SUPPLEMENTUM		
	HISTORIAE DYNASTIARUM, ED. EDWARD POCKOCK., 94		535AD.
(1)DAY	GREGORIUS SUPRA 95		566AD.
(1)DAY	GREGORIUS SUPRA 99		625AD.
(1)DAY	SCHNURRER SUPRA 164	AUG. 19	732AD.
(1)DAY	HISTORIA DE PORTUGAL, BY FARIA Y SOUZA 147		933AD.
(1)DAY	SCHNURRER SUPRA 279	SEPT.21	1091AD.
(1)DAY	OEFELII RERUM BOICARUM SCRIPTORES TOM.I,485-MAR 3		1096AD.
(1)DAY	SCHNURRER SUPRA 258,265	FEB. 28	1206AD.
(1)DAY	CHRONICON CLAUSTRO-NEOBURGENSE TOM.I,458	OCT 26	1241AD.
(3)DAYS	STELLA NOV IN SERPENTARIO 113	APR. 23,24,25	1547AD.

(16)DAYS TOTAL

IT WOULD APPEAR THAT THE GREGORIAN CALENDAR IS CLOSER TO JULIUS CAESAR'S JULIAN, BUT IT THE JULIAN THAT HAS NOT DEDUCTED THE DAYS WITHOUT SUN LIGHT.

THERE IS STILL A DIFFERENCE OF 2 DAYS.(16DAYS - 14DAYS= 2DAYS)
HOWEVER FROM 1779 TO 1990, THERE IS OVERSTATED TIME BECAUSE OF LEAP YEAR DAYS.

FROM 1990 TO 1752 = 238 DIVIDE 4= 59 LEAP YEAR DAYS
FROM 1990 TO 1752 = 238 MULTIPLE .242198 = 57 DAYS. 59 - 57 =
2 DAYS OVERSTATED IN LEAP YEAR DAYS.

16 DAYS MINUS 2= 14 DAYS.

NOW, IF THE GREGORIAN CALENDAR YEAR WAS LENGTHEN BY 14 DAYS, IT WOULD BE THE SAME AS THE JULIAN CALENDAR.

IT WOULD APPEAR THAT JULIUS CAESAR'S CALENDAR ADJUSTMENTS HAS BEEN REVERSED. BUT WAS IT REALLY OR WAS AN ADDITIONAL 90DAYS MADE?

I HAVE TO GO WITH THE CALENDAR CONCEPT OF- THE UPPER AND LOWER KINGDOMS BECAUSE THERE WAS ANOTHER DAY WITHOUT SUNLIGHT.

IN ANCIENT TIMES, THOSE TRIBAL NATIONS THAT WERE BELOW THE EQUATOR HAD A DIFFERENT CALENDAR BECAUSE WHEN IT WAS SUMMER ON THE NORTH POLE IT WAS WINTER AT THE SOUTH POLE.

THIS COULD POSSIBLY BE 180 DAYS IN ADJUSTMENTS.

MANY COULD SAY THIS IS ONLY A WILD GUESS, BUT THERE WAS AN EVENT IN MODERN HISTORY AND MODERN IS USED BECAUSE IT HAS BEEN SINCE OR AFTER CHRISTOPHER COLUMBUS, YET NOT ONE HISTORICAL REFERENCE CAN BE FOUND IN A BOOK FOUND IN ANY LIBRARY IN THE WHITE CIVILIZED WORLD.

THIS EVENT HAPPENED 60 YEARS AFTER THE PILGRIMS LANDED AT PLYMOUTH ROCK, AND GEORGE WASHINGTON WAS ACTING AS THE PRESIDENT OF THE U.S.

ON MAY 19, 1780AD. AT 10:00AM, THE SUN STOPPED GIVING ITS LIGHT AND THE STARS COULD BE SEEN IN THE SKY FOR THE REST OF THAT DAY AND THE SUN WAS NOT SEEN AGAIN TILL SUNRISE ON THE MORNING OF MAY 20,1780AD.

THIS WOULD MAKE CALENDAR ADJUSTMENTS 181 DAYS, WHICH NOW MATCHES THE 28 EAGLE FEATHERED HEAD DRESS AND THE MATHEMATICAL EQUATIONS IT DOES REPRESENT.
