

This more dangerous alternative has been tried before in civilized history, which proved beyond any question of a doubt that these Ancient laws are not revocable.

In the days that Church and state shared control of the world, after the killing of hundreds of tribes and well over 100,000,000 Indian lives, in the America's+ the church still lost its power even using THE BLACK PLAGUE as the alternative; these Ancient laws were not revocable.

The BLACK PLAGUE was no more then a disease created in a mans test-tube. Today, we have hundreds of man-made diseases created from test-tubes, one of these is AIDS, which has now made it dangerous for man to have sex with a woman or a woman with a man. Man can't have sex with a man or a woman with a woman, because that is just as dangerous. So! What is this civilized man or woman going to do for kicks, jump animals? This is dangerous too, because your Cat or Dog could be a carrier. There will be hundreds of more man-made diseases before any world issues are reviewed and should be able to advance man-made diseases to where, if you stay at home, doors locked and shades drawn, and you beat your meat, you could become a carrier.

BUT STOP FOR A MINUTE! TRY TO REASON ONE THING OUT. I'M NO DIFFERENT THEN YOU, BECAUSE I DON'T WANT TO SEE WHAT IS COMING THAT IS COMING.

I want some time. I need some time because I'm not ready for whats coming, that you don't believe is coming.

Are the conditions of the world such, that you are unable to make or say a simple prayer to: THE CREATOR, GREAT SPIRIT, and WORLDMAKER?
