

Not to down-grade James W.Mavor Jr. and his book, VOYAGE TO ATLANTIS, but had he checked or visited any Indian reservation in either North or South America, the Medicine People would have told him that his great Archaeology and Geology find was the fulfillment by the CREATOR, GREAT SPIRIT on building an Empire from unwanted children.

This Ancient Archaeology find was built from unwanted children and the way it was built encompasses tribal thinking for two reasons:

FIRST) The Sacred Circle would be the bases for building such an Empire, like the Metropolis of ATLANTIS. which is a city and not a nation. Because the city is built in a perfect circle, it would be in memory of Ancient Unborn, which could be ATLANTIS. THE TE DEUM filed with the International Court, February 18, 1493; THE PAPAL BULL, of May 4, 1493; SECULAR TREATY OF TORDESILLAS, 1494- the Latitude and Longitude for the old original ATLANTIS is known and on file and it is nowhere near your Archaeology find. SECOND) A correction. This Ancient city of ATLANTIS would never have had Temples to worship the Gods of POSEIDON and CLEITO which are civilized Gods and religions and is not a tribal method of worship. If a closer investigation could be made on your archaeology find, Three Temples would show up, which would now make it an Ancient method of religions and beliefs. \_\_\_\_\_

But for the past 15 years, every Ancient throughout the world has had pains in their hearts because through mythology stories of their people, they fully understand facts and figures of what is happening to some children that not even civilized scientist can conclude having computers and such.

To begin! Let us use quantities. The displacement of quantities and the economics of quantities. Missing children is now 30,000,000 strong and over. For the benefit of doubt, let's say 10,000,000 children have been found (you and I both know this is not true) That leaves 20,000,000 that have to be hidden in major cities because in small towns and villages they would show up like "sore thumbs"
