

in a given sense and tradition, because it could be passed on genetically.

How races of people and where they are will determine where the new Oil Fields will be. The Dumping grounds for the sophisticated waste for new ores, and the dumping grounds of cities for metal ore.

No matter how advanced and sophisticated the formula is, scientist have been unable to create Nuclear substance that was not radioactive like the descendants of the continent of MU.

Keep in mind! This same elite group know what Indian tribes are descendants of either MU or ATLANTIS.

Recorded history can show that this elite group still know the exact boundary lines of the Continent of ATLANTIS because it is in a Treaty and a legal Paper in the International Court in Hague.

If one can grab mentally what has been shown so far, one has the beginning meanings to the word CHAN'KU

It is a scientific conclusion of the Indians of the America's on the creation that one comprehends in every day life.

in e ÷viven sense

How recess of people and where they are will determine where the new Oil Fields will be. The Dumping grounds for the Sophisticated Waste for new and the dumping grounds of cities for metal ore.

'No matter' how advanced and sophisticated the formula is, scientist have been unable to create Nuclear substance that was not radioactive like the descendants of the continent- of MU.

Keep in mind! This same elite group know what tribes are descendants of either' WJ or' ATLANTIS.

Recorded history' can show that this elite group still know the exact boundary lines of the Continent of' ATLANTIS because it is and 2; Paper 'The International Court in Hague.

'if one tentatively has been said', one has the

__ if* beginning meanings to the word

It is a scientific conclusion of the Indians of the on the creation that one comprehends in every day life.
