

stagger human imagination.

To recite all the evidences would take a book by itself, but the secret report on THE VERO AND MELBOURNE MAN from 1917 through 1050 says it all.

They even know what Indian tribes are descendants of the lost continent of MU and what tribes are descendants of the lost continent of ATLANTIS.

They even know the time of the last ICE AGE and they know it is accurate within 2000 years.

What these Men and Women of Letters want to know without asking the Indian, is HOW? What are the Formulas and equations. What type of science is it? Can it be taught to others? What special education is required? Is there a cycle or duration or event that causes this unknown event with its unknown energy? Is there a personal knowledge that keeps one from not turning to stone of the event?

These are questions that they have to find answers to, if they expect to survive the next global catastrophe of an ICE AGE without the American Indian.

If you as an Indian don't know, then you have the same problem as these Men and Women of Letters.

The beginning key, is in the Indian written language which has a formula.
