

Of course, the 71 Bird is missing. Wynona has regained her composure and is now looking at the facts.

She walks over to Clair's desk to jot down some lines. As she seats herself, there it is. A note addressed to her. She opens and reads: MY DEAREST WYNONA. EVERYONE IS TO LEAVE WITHIN THE HOUR. REMEMBER HOW YOU ARE TO DRESS. TAKE YOUR PLANE TO BUFFALO, NEW YORK, RENT A CAR, DRIVE TO SALAMANCA. GO EAST ON OLD 17 AND WHEN IT CROSSES HIGHWAY 219 CONTINUE ON FOR ABOUT A MILE AND A HALF. ON THE LEFT WILL BE AN OLD PROHIBITION GAMBLING HOUSE, A FRIEND WILL BE EXPECTING YOU. HE WILL TAKE YOU TO A HOUSE WHERE YOU WILL ^{BE} TAUGHT RELIGIONS ARE A MATHEMATICAL EQUATIONS. LEARN IT BY HEART. HE WILL GIVE YOU YOUR NEXT INSTRUCTIONS. WATCH OUT! THEY ARE INDIANS, THEY MAY NOT WANT ^{YOU} TO KNOW ANYTHING. I KNOW IT LOOKS CORNY. CAN YOU THINK OF A BETTER PLAN WHERE THEY WILL BE EXPECTING THE VERY THING YOU WILL BE LEARNING. LOVE.

Wynona hands the note to Buddy, who turns and reads it to Pam and Penny.

Wynona: "Buddy! Everybody! Lets get an evaluation. This is to corny.

Almost stupid. Is this a game or what?"

Buddy: "We know its ancient equations we are after!"

He makes motions to everyone that there could be ears listening in the house and they will have to speak as if they are still faithful to the city. He continues; "We know he almost gave us the beginning or how to start the mathematical problems."

Penny: "I think he is cautious and is testing us.

Pam: "Why would he send Clair off to California?"

Buddy: "Perhaps she will pick up something she won't know what it is?

Look! we got about 20 days to get it, put it together so it can be understood and report back. Wynona! read that note again.

Wynona reads it back but leaves out the last sentence.

Penny: "well! lets get cleaned up and get moving."

EXPECTING THE VERY THING YOU 'BE LOVE.

if-Igrnona hands the note to Buddy, who turns and reads it to Pam and Penny.

Wgrnona: Everybody! Lets get an evaluation. This is tof corny.

Almost stupid. Is this a ,game or what'?"

Buddy: "We know its ancient equations we are

He makes mcfbions to everyone that there could be ears listening, in the house and they will have to speak as if they are still faithful te the city. He continues; "We knew he almost gave us the beginning or" how to start the ma'thema'tical probloms."

Penny: "I think he is cautious and is testing us.

Pam: "Why would heáeñd Clair off' to

Buddgf: "Perhaps she will pick up something she know what it is?

Loolcí we _¿got about 20 days to get it, put it together eo it can be uríderxeteod and repovt back., Wynonaî read that note again.

îßëynona Feeds it back 'eut leaves out the lest sentence.

Penny: lets get cleaned up and get
