The schedule is precise, as Buddy see's Wynona and Penny waiting so they can enter together and dine. They are shown a comfortable table with view only to see Clair busy on the food before her and does not see the party that have now gathered around her.

Wynona : "CLAIR!"

Clair looks up with a startled and amazed look! She stammers for words but end with tears flowing from her eyes. there is hugging and kissing for a long lost member of the family and in the back of everyone's mind was when would everybody see one another again. They seat and prepare to order their meals.

Buddy: "Clair! How was your trip to California and what time did you get here? We got a million questions."

Clair: "Let me answer the last first, because the first is a wing-dinger! I flew in late last night and every P.B.I. agent and U.S. Marshall in the state of New York went over my plane, so it was about 11:00 o'clock before I got here."

Pam: "What have you done?"

Clair: "The only thing I did that I normally don't do, is pick up about 25 male Indians in Phoenix. Our legal department is looking into this matter. I have given my complete reasons for my flights and there better not be any marks on my flights. The Marshalls are to have some kind of answer by 10:30 delievered to me here."
